

COMBINE THE UNCOMBINABLE

DYNAMO strings for violin & viola: Perform like you never have before.

What is so special about DYNAMO® strings for violin & viola?

Our DYNAMO® strings turned out even better than we had imagined. Why? Because both sets (NO.DY100 for violin and NO.DY200 for viola) combine qualities you can't usually find in one set – such as an excellent response AND a broad sound. What else?
