

COMBINE THE UNCOMBINABLE

DYNAMO strings for violin: Perform like you never have before.

What is so special about our DYNAMO® string line?

The strings in our DYNAMO® sets combine qualities you can't usually find together – such as excellent response AND a broad sound. In addition to our sets for violin (N^o.DY100) and viola (N^o.DY200), alternative violin strings are now also available: the tin-plated E-string N^o.DY01S and the silver-wound G-string N^o.DY04B – so you can tweak your sound a bit if you need to. Also new: DYNAMO® violin strings in two fractional size sets for ½ and ¾.
