

THOMASTIK-INFELD PORTRAIT

Music strings of the highest quality – this is both the incentive and obligation of Thomastik-Infeld. Based in Vienna, we have been developing and producing strings with the vastest range of tone colors since 1919. Our progressive string developments have revolutionized the music world repeatedly. Over 100 years of experience, pioneering research in the field of string technology and material science as well as groundbreaking developments in mechanical engineering create tone and inspiration day after day. Whether for bowed, plucked or world music instruments – our Viennese strings impress on streets and stages all over the world and are played enthusiastically by musicians of all genres.
